**Spring trash day scheduled for May 5, 2018**

The board scheduled a large-item trash day for the spring of 2018. The purpose is to allow only our residents to dispose of old appliances, furniture and other items too large for regular trash service. (NOTE: **propane tanks**, fuel tanks, broken concrete, rocks, batteries, barrels and cans of paint cannot be taken.) We urge the residents to use these trash days to clean up the roads and ditches in the township. The 2018 Spring trash day will be held on Saturday, May 5, 2018. Hours are from 8:00 a.m. to Noon at the Cohoctah Township Park at Allen and Preston Roads. Enter off of Allen. Appliances with Freon will be accepted but we must charge \$15 for each in order to properly dispose of them. There is no charge to residents for other items; we will be recycling tires so keep them separated. In order to make the process go faster, please try to organize your loads so that metal items are separated from the other trash and put on the back of your load so that they can be taken off first. *Call Bill Thurner at 517-546-8307 if you have questions!*

**USDA Low Income Home Ownership Loans**

This program allows applicants to purchase decent, safe, sanitary housing at affordable monthly payments. Funds can be used to purchase an existing single family dwelling or to construct a new dwelling. In Livingston County the income limit for a family of 4 is \$65,800. Call 810-230-8766 ext. 4 to get more details on this program. **Who is Driving the Road Repairs?**

Many residents do not realize that local roads, including construction and maintenance are under the jurisdiction of the County. The Township receives no State transportation funds. The Board works with the County Road Commission to set priorities for maintenance but over the past few years the county has had less to spend. Again last year we spent money on road paving because the roads needed the work for safety. This is funded through monies in the general budget and funds from the Voter Approved road millage. We have more paved roads that badly need work and the Township will be paying to have work done again. Contact the County Road Commission at 517-546-4250 or email them at [mail@livingstonroads.org](mailto:mail@livingstonroads.org) and let them know that our roads need repairing.

**Septic System Do’s and Don’ts**

What goes down your drain can have a major impact on how well your septic system works. A garbage disposal takes a lot of water to move scraps down the drain. Once in the tank, some of the solids break down by bacterial action, but most of the grindings will have to be pumped out. Using a disposal could require you to have your tank pumped more often. Composting is a better way to recycle kitchen scraps. Plant only grass over and near the septic system. Roots from nearby trees and shrubs can cause damage. Don’t drive or park vehicles on any part of your septic system. Doing so can compact the soil and damage the pipes. Your system should be inspected to determine if pumping is needed every 3 to 5 years, depending on the number of persons in the household and the size of the system. Don’t put toxic household waste down the drain. Avoid fats, solvents, oils, disinfectants, paints, chemicals, pesticides, pharmaceuticals, motor vehicle fluids and poisons. Don’t treat your system like a garbage can. Avoid dental floss, coffee grounds, cigarette butts, paper towels and diapers.

**John Adams**

“We may please ourselves with the prospect of free and popular governments. But there is great danger that those governments will not make us happy. God grant they may. But I fear that in every assembly, members will obtain an influence by noise, not sense. By meanness, not greatness. By ignorance, not learning. By contracted hearts, not large souls.”

**Need Help? Call 2-1-1**

The 2-1-1 line provides an easy to remember telephone number that connects residents with important community services and volunteer opportunities 24 hours a day, 7 days a week.

**County Emergency Alert System Available!**

Residents of Livingston County can sign up to receive alerts of dangerous situations happening in local communities by phone, text message, email or combination of the three. You can opt in by signing up at: <http://member.smartmsg.com/index/453003085615617#/login>. Create a profile and customize how you want to receive alerts.

The service is free!

The county will send out messages in the event of many emergencies, including terrorist attacks, gas leaks, bomb scares, disease outbreaks, dangerous suspects at large, major traffic crashes and tornadoes. There are also options for less urgent alerts such as weather alerts and boil water notices.

The importance of filling out detailed profile information, while voluntary will help the county plan. Items such as mobility limitations, pets in the house, home oxygen use will enable them to know who needs help in situations like power outage.

If you work outside the county this will help you stay in touch with issues in your home community where your children might be in school or your family might be at home.

**Thank You!**

The Township would like to thank Jim Armstrong of Armstrong Masonry and Dan Barton of Daniel Barton Electrical Contracting for their donation of time and machinery, and to David Bock for working on the tire recycling at the large item trash day; and to all those volunteers who gave their time and effort, **Thanks!**

**Candidates Needed!**

The Township Board is seeking candidates for Planning Commission, Board of Review and Zoning Board of Appeals. If you are interested in serving our community in one of these paid positions please forward your resume with a brief note of introduction to [bfearclerk@gmail.com](mailto:bfearclerk@gmail.com).

**Yard Maintenance & Junk!**

By Township policy, the Board does not take action on anonymous complaints on possible violations to the zoning ordinance, such as failure to maintain a yard, or for junk on a property. Please be neighborly and considerate and maintain your yard, keep old vehicles or construction material in barns or garages and out of sight and keep animals on your own property. If your neighbor approaches you about an issue, please try to resolve the matter. Neighbors' working out their issues keeps the Township from having to take action and is better for everybody.

**Dust Control**

The Township will be putting applications of brine on the Township controlled dirt roads at least two times this season: around Memorial Day and Fourth of July. This is funded through the Township's voter approved road millage.

**Alchin's Recycling/Drop-off Center**

Alchin's Disposal has a recycling drop off center located at 9900 W. Grand River; Fowlerville MI. Hours are 11am to 4pm Monday thru Thursday for recycling. The price for recycling is \$3.00 per visit. They offer an annual membership of \$20.00 per household or a senior (55 or older) annual membership of \$15.00 per household. Please check into the office before dropping off items. For a list of recycle items that are accepted please go to their web site [www.alchinsdisposal.com/recycling.html](http://www.alchinsdisposal.com/recycling.html) or phone 517-223-7119.

**2017- 2018 TRASH DISPOSAL**

Cohoctah Township contracts with Alchin's Disposal service for trash pickup. If you would like to participate, please read the guidelines and fill out the form below.

Service for July 1, 2017 through June 30, 2018 will still cost \$156. There are no refunds!

**Senior Discounts (55 or older) are available directly from Alchin's Disposal, call 517-223-7119. 8am to 5pm. Do not pay the Township!** Alchin's will bill you if you already have this senior service.
